

**BRIEFS**

**Go quizzing !**

Quizzing is exciting but requires a lot of brainpower. To inculcate and polish the quizzing skills in school students, Greycaps and The New Indian Express have launched a new initiative called Quizmaster's Club. Spearheaded by the noted quizmaster Pickbrain, this initiative is absolutely free. Read the report on page 3 to acquaint yourself with the endeavours of the Quiz Master Club.

## Quizmasters Club launched

Express News Service

Nov 22: Greycaps and The New Indian Express Group launched a new initiative called Quizmaster's Club, to boost quizzing activities in Bangalore schools.

The initiative aims to get more schools to improve their knowledge beyond their academics and to take up quizzing as a regular activity. Spearheaded by noted quizmaster Pickbrain, the initiative would be absolutely free and will provide critical support to schools across Bangalore.

**PURPOSE:** Bangalore has grown

rapidly in the education segment. Only a handful of schools take part in quiz actively, since it involves research and preparation, which is time-consuming and requires a specific set of skills. Quizzes organised within a school tend to be boring, as they are largely text-based and schools do not have access to visuals and audio questions. This needs to be addressed.

Inter-school competitions these days are demanding and challenging, making it imperative for every school to have a robust 'in school' process, to pre-

pare for the inter-school arena.

**About Quiz Master's Club**  
• Quizmaster Pickbrain will provide training and tips to quizmaster's in each school.

• Provide research support especially on visual and audio to schools.

• Create quizzing interest in more schools and thereby widen the spectrum of students in Bangalore who attend quizzes.

• Enhance the knowledge and quizzing expertise of students.

• Bring more children into the ambit of learning through fun.

• Bring a momentum back to

school quizzing in Bangalore.

• Over time this would increase the quality and confidence of quizzers in the city.

**WHAT NEXT?** Each school will nominate four selected student office-bearers and one teacher. Nominations should be sent on or before Nov 29. Students and teachers from interested schools, who register for the QM Club, would be invited to a quizmaster's conference to be conducted by noted Pickbrain on Dec 1. To register, call Greycaps at 41202438 or e-mail quizmaster@greycaps.com
